

LEVEL IV PROTECTION

1165
Dyneema®

THE BEST DEAL IN LEVEL IV ARMOR

RMA's 1165 is the revolutionary Level IV plate making waves in the armor industry. At only 6.8 lbs with multi-hit Level IV protection, there's nothing else like it in its price range.

While others sacrifice coverage to make lower weight numbers, we knew there was a better way. The 1165 combines our legendary true 10"X12" 1155 alumina strike face with a new Dyneema UHMWPE backer.

- TRUE 10"X12" FULL COVERAGE
- 0.8 INCHES THIN
- MULTICURVE ARCHITECTURE
- LEVEL IV M2AP RIFLE RATING
- 6.8 LBS
- 100% MADE IN USA
- ALUMINA + DYNEEMA® UHMWPE
