

LEVEL IV/RF3 PROTECTION

1155<sup>2</sup>

# THE LEVEL IV/RF3 REVOLUTION IS HERE.

The age of the 8 lb plate is over. 2025 marks the beginning of a new era in American-made affordable lightweight protection.

RMA's Generation 2 1155 evolves past competitors at double its price. At only 7.7 lbs for SAPI and 6.8 lbs for Shooter's Cut and 0.9" thin with multi-hit Level IV/RF3 protection, there's nothing else like it anywhere close to its price.
